MEMORANDUM FOR: Commanding Officer  
Army Map Service  
Corps of Engineers  
Department of the Army

SUBJECT: Army Map Service Support of Nile Flood Water  
Project

25X1A9a

25X1A9a

The support recently furnished to this Office by Mr. [REDACTED] and his staff in the Military Hydrography Branch, ESID, in reference to Nile flood-water characteristics, was of great aid. We realize that the hydrographers would have preferred considerably more time to fulfill our requirements than was available, and we are therefore doubly appreciative of the thoroughness of their work despite the short deadline. Each of the individuals concerned extended wholehearted cooperation in completing this project.
